

DULUTH CELEBRATES LIBRARY WORKERS DAY

Mayor Don Ness and Local 66 AFSCME members celebrate Library Workers Day with cake and coffee.

The City of Duluth passed a [supportive resolution](#) to recognize City library workers on April 15 – National Library Workers Day. Librarians shared cake and coffee with new Mayor Don Ness and his administration. Librarian Nancy Eaton thought that the recognition was meaningful, “With the new mayor and new administration it’s good to see that the work of city employees is valued.”

Local 66 librarians provide powerful access to information that educates citizens. Duluth librarian Marie Lassman loves her job and adds, “People need access to information. What we provide isn’t something you can buy for a dollar at the video store.”

[Council 5](#) honors all AFSCME members who help minds soar at public libraries throughout Minnesota.
